

Create Fedora26 Live USB permanent

e.g. with an overlay (=permanent storage) of 512MB:

```
$ sudo livedcd-iso-to-disk --noverify --format --reset-mbr --overlay-size-mb  
512 /path/to/Fedora-Workstation-Live-x86_64-26-1.5.iso /dev/PARTITION_OF_USB
```
