

Tricks for FreeNAS

Console

when you need to disconnect and reconnect to the console instead of waiting the end of a command

```
# tmux
=> run the command and close the console
# tmux attach      /// to reconnect where you leave the console it
# exit             /// to quit the session
```

bricolage dangereux avec des données importantes!!

<https://dekoder.wordpress.com/2014/10/08/fixing-freenas-currently-unreadable-pending-sectors-error/>
(lire jusqu'à la fin - erreur dans la commande!!)
